

TCB Industrial Metal Fabrication Services

TCB Industrial is centrally located in Modesto, California specializing in miscellaneous metal fabrication and structural steel projects from brackets to bridges.

Our commitment to accuracy, attention to detail and quick turnaround times have ensured our success with metal fabrication projects of all sizes. With a combined experience of over 25 years of metal fabrication, we have the knowledge and experience to deliver your project on time and within budget.

Our custom metal fabrication services include everything from hand rails to staircases, to concrete embeds, steel structures, equipment repairs and more. With our 11 acre facility and 18,000 square foot fab shop, we can handle both large and small projects alike. We service Southern, Central, Northern California and beyond. Our team is proud to offer our customers unsurpassed quality, experience, and fast responsive service.
